Dear friends,

Welcome to the conference on Critical Care in ObGyn.

In the scientific program, we have incorporated day to day challenges that each one of us faces in our practice. We will explore the latest developments in technology, research and clinical practical points to enhance the quality of care and cover most of the life and death situations for patients (and for us!) in various clinical scenarios.

We have a galaxy of eminent speakers who will take us through the guidelines and their own experiences of managing critical situations in ObGYN and enrich us with good take home points.

Ladies and gentlemen, I am honoured to welcome you all to this esteemed conference.

Yours own,

Dr Meenu Agarwal

President,

Pune Obsterics and Gynecological Society
